Summer Colds TEARS UP LICENSE TO PLEASE MOTHER

Summer colds are the result of lowered vitality. If neglected they are apt to develop into chronic lung trouble and a long-standing cough, asthma or catarrh. Cure them promptly and in the natural way by using Father John's medicine, which has a history of 50 years of success in the treatment of coughs, colds and all throat and lung troubles, as well as a tonic and body builder for those who are weak and run down.

Mrs. Woodward now says she will not press objection to son's marriage.

Love of his mother, which caused seven-year-old Edwin A. Woodward of 128 Massachusetts avenue to destroy a marriage license in the presence of his fiancée, Miss Mary Swank of 214 E street northwest, on account of parental objection, may result in matrimony for Miss Swank, who is twenty-two years of age, a divorcee, was not acceptable to Mrs. Woodward as a daughter-in-law, on account of being much older than her son. When the young people went to her home Monday night and announced that they were to be married, the father, Edward Woodward, fainted. Young Woodward assured his mother that the nuptials would be postponed for the present and destroyed the license.

Mrs. Woodward told a reporter for The Star that she had decided not to press her objection to the marriage and that if Edwin desired to obtain another license she would give her consent to the wedding.

Edwin said that he and Miss Swank were determined to marry, but that he would postpone the event indefinitely, if necessary, until he had secured his mother's full consent as a condition.

"Until informed this morning by a Star reporter of the attempt of Woodward and her daughter to marry," Mrs. Woodward said she had heard nothing of the affair.

Minister Would Not Officiate.

The troubles of the young couple began Monday evening, when, after obtaining a license, they called at the residence of the Rev. Randolph W. Lowrie of 413 4th street northwest to have him tie the nuptial knot.

According to the would-be groom, Mr. Lowrie would not marry them, because he was opposed to marrying a divorcee. A consultation was held and it was decided to go to young Woodward's home and endeavor to secure the consent of his mother.

Miss Swank secured a divorce from her husband, Wood May of Washington, in Oklahoma last October. It was she who secured the license Monday, giving the age of Woodward as twenty-one years. She declared on being informed that she was only seventeen years old that she had been told he had reached his majority.

Yesterday Mrs. Woodward requested the marriage license clerk not to issue another license to her son, but development today make it appear that this request may be withdrawn.

WILL PLAY A COMEDY.

Junior Class of the Normal School to Present "The Romancers"

"The Romancers," a three-act comedy adapted from the play of that name by Edmond Rostand, has been chosen by the junior class of the Normal School to be presented for the benefit of the school playground fund next Saturday evening at Gonzaga College Hall.

The play is said to be especially well chosen for a school play, an opportunity for a cast of more than forty players being given. For several weeks in the past the young ladies of the school have been practicing their parts in the little comedy. The costumes which they will wear in the play have been brought here from New York.

JAITS WILL BE OBSOLETE.

Judge De Lacy Predicts Great Results From Parental Training.

That jaits will become institutions of the past in the next generation through parental training and instruction of the rising generation was the prediction made last night by Judge De Lacy of the Juvenile Court in an address at the Cosmopolitan Temple Baptist Church. Communicants of the church are holding a fair for the purpose of raising funds to reduce the five-thousand-dollar indebtedness on the building. Judge De Lacy was the guest of honor last night and delivered an address on the possibilities of juvenile training.

He told his audience that in another generation the negroes living in the District will be ideal representatives of their race; law-abiding, industrious, ambitious and representative citizens in every respect. This, he said, was being made possible by the present education at home and school influences exerted over colored children. He reviewed in detail some instances of the application of the golden rule in administering juvenile justice.

Representative Powell and Henry L. Johnson, recorder of deeds, are expected to deliver addresses at the fair Decoration day.
